OBLONG STOCK TANK

NOW, MORE THAN EVER... THE BEST BUY IN TANKS

The Hastings side wall is rolled over 7/8" O.D. steel pipe to enhance strength, rigidity, and life. The smooth surface and water drain plug make this tank easy to clean. The 4 ply bottom seal locks side walls are 22 gauge galvanized steel. Material is measured in accordance with AISI standards (20 gauge is .036 min. and 22 gauge is .030 min).

Hastings tanks are guaranteed to be free from defects in workmanship and material.

Tanks are warranted for one year after manufacture date.
